Arians Family Foundation

## VISION:

The Arians Family Foundation (AFF) was created in 2013 by Bruce and Christine Arians for reasons dear to their hearts. Christine worked for years as a family-law attorney, or as she describes, a "broken-family" attorney. She began working with CASA (Court Appointed Special Advocates) to help ensure that children who are involved in the Court system, as a result of abuse or neglect by their families, receive the help they need. The Arians Family Foundation seeks to continue helping others in their life journeys. AFF embodies the vision of a better future for children to live in where they feel safe and loved.
